## ***Our SUMMIT Speakers***

### **Macquarie Capital**

The Macquarie Group is a diversified international provider of banking, financial, leasing, advisory and investment services. The Macquarie Group has assets under management of approximately \$313 billion, including over \$9.1 billion of equipment under management for its own account. The Macquarie Group's expertise extends across all aspects of equipment leasing, including lease origination, transaction management and equipment remarketing. Macquarie's equipment leasing personnel include both financial experts and equipment specialists.

### **Mission Capital Management**

At Mission Capital Management, we have a passion to enrich the quality of our clients' lives by helping them achieve their financial goals. Our expert team selects the right mix of investments and personally constructs diversified portfolios, eliminating the burdensome layer of fees charged by mutual funds and other products. Learn more at [www.missioncapitalmanagement.com](http://www.missioncapitalmanagement.com).

### **Strategic Storage**

Strategic Storage Trust, Inc. invests in self storage facilities and related real investments such as storage facilities for automobiles, recreation vehicles and boats. We intend to capitalize on the fragmented nature of the marketplace and to invest in properties throughout the country using low levels of debt (less than 50% leverage).

### **MetLife**

Chris will discuss a unique investment strategy that can provide clients with guaranteed lifetime income for themselves and their spouses and or inheritance benefit for their Ayres. This strategy focuses on reducing market volatility while providing for a predictable amount of investment income and a sustainable inheritance benefit.
